Soap lather couples massage:
enjoyment times two.

Aromatic oil massage:
immerse yourself in the world of fragrances.

A variety for holistic well-being.

Everyone has their own way of relaxing. The massage lounge has something for everyone's taste. And the great thing is that you can also enjoy your spa experience with another person – with a couples massage. Our pamper combinations offer you perfectly tailored treatments, for example a salt peel with an aromatic oil massage. A treatment on the sand bed makes you feel like you are on the beach. The warm quartz sand makes massages and wraps even more special.

You are in the very best hands: tensions dissolve, your body is energised, your skin pampered. You will feel delightfully balanced. Enjoy the moment. Make this feeling last by having a cup of tea, wrapped up in your bath robe, in the lounge area.

Come to rest.
Here and now.

A true good deed:
a foot reflexology massage.

Let your head hang during a
head, neck and shoulder massage.

Salt peel:
combination of body cleaning and care.

Decide to make your body feel good.

Wellness massage – using various manipulative techniques from traditional massage we stimulate the metabolism, improve circulation and release your muscles.

Head, neck and shoulder massage – fees up the nerve pathways and relaxes tense muscles. This has a positive impact on the circulation and provides a greater sense of vitality and clarity.

Foot reflexology massage – using special pressure techniques the body is stimulated, circulation is improved and you are deeply relaxed.

Lomi Lomi massage – The traditional Hawaiian application in which lots of oil is used, activates the body's immune system and the mind and soul open up to new energies.

Aromatic oil massage – a gentle whole body massage with beneficial premium oils, which eases physical as well as emotional tension.

Beauty break for a face massage including mask.

Deeply relaxed by warming herbal stamps.

You have arrived in the here and now.

Hot stone massage – hot lava stones, premium oils and special shiatsu movements help your life energy to flow freely – holistic relaxation for your skin and senses.
